A Horror/Mystery Feature Film.

LOGLINE

SYNOPSIS

When a group of eccentric young adults are taken to a villa on the outskirts of London following the death of their friend, they are shocked to discover a mysterious entity appears to have followed them to their luxurious getaway. Villa Helen contains a deep mystery that the group must explore to discover the reasoning for the strange happenings during their 'relaxing' holiday. A creepy Gardener, a world-famous Tik Tok star and a lonely old Landlord all come into question as the entity starts to make its presence known to the group. Follow Keira, Andrea, Callum, India, Lily, all chaperoned by Andrea's mother Polly, as they aim to survive their mysterious surroundings. Brought here to learn how to behave in modern society, the group must learn about each other, and who not to trust.
